Nelnet Payment Services
Release Notes for February 2025

Implementation Summary

Nelnet Payment Services (NPS) will deploy the following projects as follows:

- **Account Updater Enhancements** *(deployed to UAT on January 28, 2025; deploying to the **Production** environment on February 5, 2025)* – New response codes will be reflected in Merchant Alerted Status emails that are sent to NPS Client Services. The codes being added to the list of action required response codes are as follows:
    - 315 – Invalid Expiration Date
    - 320 – Invalid Account Number
    - 329 – Invalid Card Type
- **Updated CSP Header** *(deployed to UAT on February 5, 2025; Production date is yet to be determined)* – NPS is updating its Content Security Policy to be in compliance with PCI DSS v4.0 requirements.

Client Action and Recommended Testing

Client action is not required for these enhancements. However, you should review this information to determine potential impacts to your business processes, policies, and systems to support these enhancements. Clients who choose to utilize these features are strongly encouraged to complete testing prior to implementing in their production environment.

The NPS User Acceptance Test (UAT) environment is available for clients to test new functionality and for regression testing. NPS strongly recommends that you perform regression testing to ensure that your system continues to perform as expected.

For general assistance, contact NPS Client Services or call 1.866.431.4637.
