Client Action and Recommended Testing

Client action is not required for these enhancements. Review this information to determine potential impacts to your business processes, policies, and systems to support these enhancements. Clients that choose to utilize these features are strongly encouraged to complete testing prior to implementing in their production environment.

The NPS User Acceptance Test (UAT) environment is available for clients to test new functionality and for regression testing. NPS strongly recommends that you perform regression testing to ensure that your system continues to perform as expected.

If you have questions, contact [NPS Client Services](#) or call 1.866.431.4637 for assistance.

Support for GradGuard, V2

NPS Direct has enhanced the GradGuard proxy service to support a new version of the GradGuard specification. GradGuard, V2 will allow tokens and raw credit card and bank account numbers for both credit card and ACH transactions. Completion of this request expands the NBS GradGuard product offering. Please contact [NPS Product Management](#) for additional information.
