

# Nelnet Payment Services

## Release Notes for August, 2023

### Implementation Summary

Nelnet Payment Services (NPS) deployed the projects listed below to PROD on August 23, 2023.

### Internal Maintenance

The following projects are related to internal NPS maintenance:

- Bluefin Connection Handling
- Partial Auth Handling
- Security Vulnerability Fix

### Multi-Iteration

The following projects have additional development and testing requirements and will not be live at the time of the deployment date indicated above. Instead, they are part of a multi-phase project which will be implemented at a later date:

- Apple Pay Integration and Certification
- NPS Risk Service API Updates
- Gateway ACH Bridge Enhancements

### Client Action and Recommended Testing

Client action is not required for these enhancements. However, activation of the Risk Service requires coordination with Nelnet Payment Services. Review this information to determine potential impacts to your business processes, policies, and systems to support these enhancements. Clients that choose to utilize these features are strongly encouraged to complete testing prior to implementing in their production environment.

The NPS User Acceptance Test (UAT) environment is available for clients to test new functionality and for regression testing. NPS strongly recommends that you perform regression testing to ensure that your system continues to perform as expected.

If you have questions, contact [NPS Client Services](#) or call 1.866.431.4637 for assistance.

If you have questions about the Risk Service, contact [NPS Product Management](#) for assistance.

The information in this document is confidential and proprietary and is distributed to Nelnet Payment Services clients for their exclusive use in operating NPS applications. It may not be reproduced in any form without prior written permission from NPS, LLC.
