

PaymentSpring Direct

Release Notes for July, 2020

Environment: User Acceptance Test (UAT)

Effective July 16, 2020, PaymentSpring Direct will implement enhancements for:

- Add BIN Fields to Gateway Tokenization Process

PaymentSpring Direct has enhanced the tokenization process utilized by PaymentSpring Gateway to include three additional response fields: "bin_type," "bin_brand," and "bin_level." The addition of these fields will provide more detailed descriptions for the tokenized credit or debit card transactions.

Client Action

Client action is not required for these enhancements.

Review this information to determine potential impacts to your business processes, policies, and systems to support these enhancements.

Clients who choose to utilize these features are strongly encouraged to complete testing prior to implementing in their production environment.

The PaymentSpring Direct User Acceptance Test (UAT) environment is available for clients to test new functionality and for regression testing.

If you have any questions, contact PaymentSpring Client Services at ClientServices@PaymentSpring.com or 1.866.431.4637.
